

It was Gay Pride Weekend in June of 2004. Max Sohl had just released his first movie with Treasure Island and Paul Morris' crew came to Manhattan to film a New York City installment of Damon Blows America. A group suck off party was just winding down when in walked a young man with an angelic face and a mohawk.

He introduced himself as Christian and the rest is Treasure Island Media history.

Fourth in the legendary anthology series of the greatest scenes by the studs of TIM, this is the first to focus on the adventures of a bottom. Christian embodies the spirit of Treasure Island and his insatiable desire for cum - either down his throat or up his perfect hole. It is next to impossible to find a top in any major city in the world that hasn't fucked him. Men will identify themselves to us as bottoms and then add, "but I did fuck Christian."

Hand picked by Christian himself from his impressive 50 scene TIM discography; this ultimate 3-disc collection runs the gamut from his most memorable swallow scenes to his intimate 1-on-1 fuckings, and all out balls to the wall gangbangs.

LEGENDARY HOLE – BEST OF CHRISTIAN features 2 all NEW exclusive scenes directed by Max Sohl especially for this release. A scorching hot 1-on-1 with Army man DJ breeding Christian, and a new gangbang featuring Drew Sebastian, Red, and Jimmie Slater.

But that's not all...

We have put together the biggest cumshot review EVER that shows EVERY load that Christian has taken at Treasure Island Media in the last 9 years. Not just the ones already seen – the NINE YEAR CUM COUNT includes cumshots from both lost and yet to be released scenes and features just about every top that Treasure Island Media has worked with. It is not to be missed by Christian fans!!!
