Public Meat Release - MEDIA KIT

San Francisco, CA — May 26, 2016 — “[PUBLIC MEAT](#)” induces sexual depravity in viewers. We call it real. They’re calling it “*vile filth*.” The director was locked up in a loony bin.

Paul Morris gives you Liam Cole’s PUBLIC MEAT on a fucking silver platter. Our most anticipated underground experience of the year. Men have been begging to see it and now, here it is: the video that took TIM’s Liam Cole down and got him locked up. He wanted it to be the second volume of his “Slammed”

trilogy. But the men, the material, the sex, the desire, the drugs were more than even Liam could master.

This is the London sex-world that eats strong men alive. Wanna watch?

By far the roughest, rawest, most primitive and real experience we’ve released in a very long time. When Liam committed himself to a psych ward, it was very nearly finished. What you’ll see here is a true experience of the sexual under-ground of London.

Let’s be clear about this: if you’re not sure, London [PUBLIC MEAT](#) ain’t for you.

If you’re looking for pretty men pretending, this one ain’t for you. To be honest, some of it wasn’t legal and it certainly wasn’t legally shot. You have one [darkroom fuck-orgy shot](#) in night scope because it was pitch black. Another was shot at 3 am in a public toilet. Another in a [crowded bar](#) when everyone was too messed up to care.
