

ost married men fuck in their bedrooms, just like their parents. And then there are men like us. We make and take our pleasures wherever the fuck we want. Unbridled by puritanical rules and ever-increasing restrictions on public play, and following the alluring scent of mansex, we unleash our desires in back alleyways, nighttime parks, and dingy pubs.

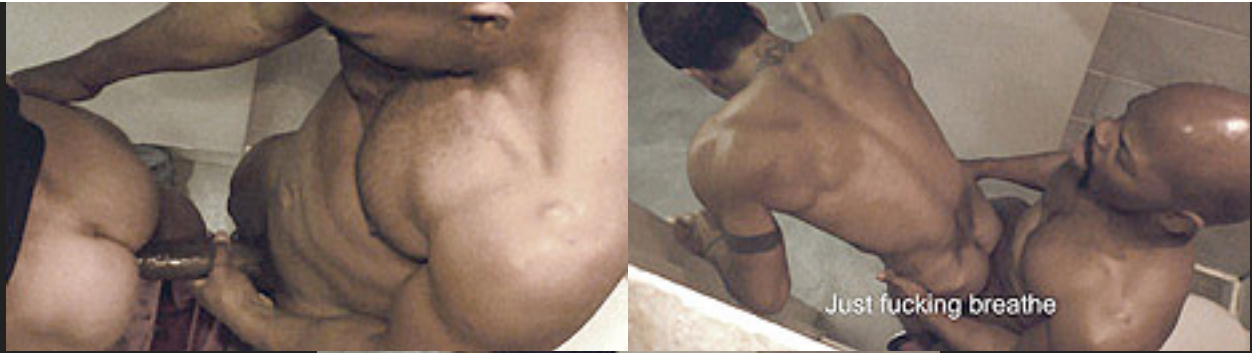

PUBLIC MEAT celebrates primal manhood and challenges all men: ***Get out of your bedrooms and take to the streets.***

Scene 1

Toilet Fuck

A public toilet is a perfect place for fucking when you're an insatiable bottom. The sex-crazed Swedish hole **CUTLERX**.

CUTLERX is famous as a world-class hole-stretching top, and he root-rams his thick tool ruthlessly into the other man's tender butt-bud. CUTLERX is damned good at the fine art of hole-wrecking, and he leaves TOFFIC gasping for air and grinning from ear to ear. Limping off and leaking sperm from his gaping hole, TOFFIC feels his abdomen carefully and whimpers "Nothing's where it used to be!"

Scene 2

Freddy Gangbang

WOLF RAYET managed to use his primal powers to hunt down the biggest dicks in the room, turning this sex-dungeon into a steamy game of "Fuck Wolf".

After a truly brutal fuck, **ALEX STIER** dives in, guided by the smell of cum, and laps up every last drop.

Scene 4

Boiler Room Fuck

There must be something about crumbling brick and urban decay that gets men so fucking horny. The grit brings on a primal urgency that no man can resist. **LINCOLN GATES** a thorough shafting in every room in the cellar.

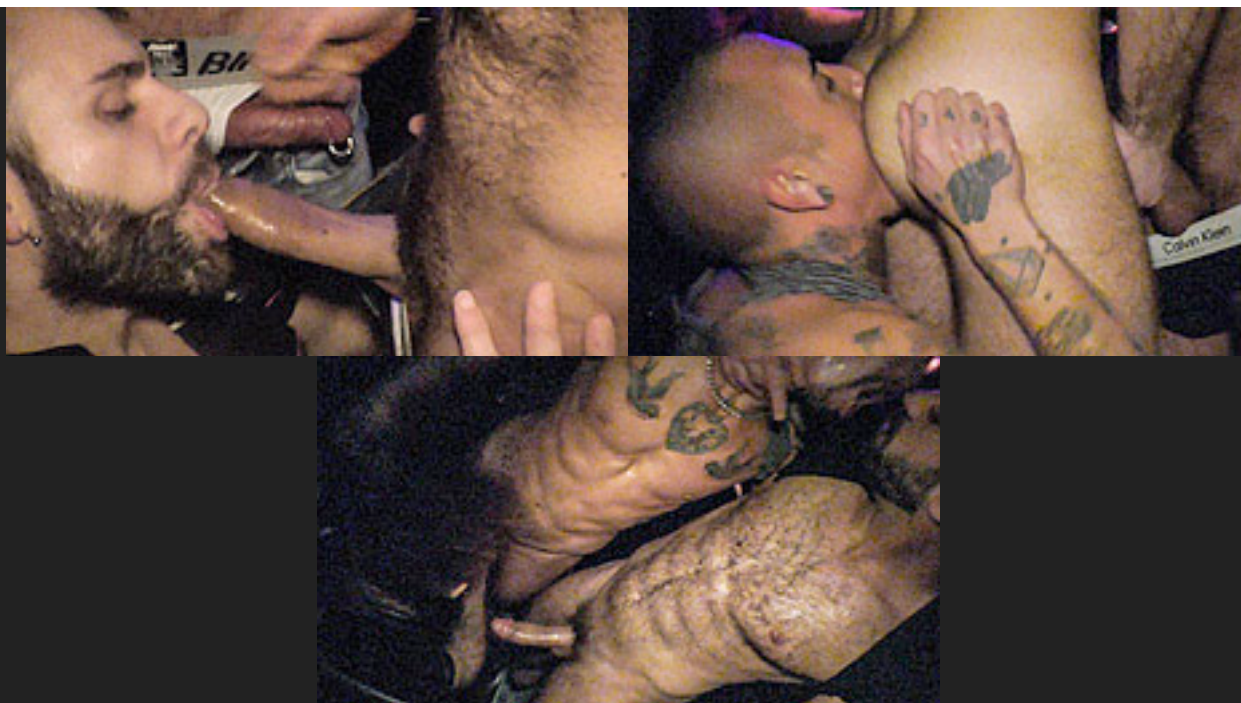

He winds up by finally fucking the cum out of the bottom's hole on what was once probably the servants' table. SAM then shows GATES that service ain't over until a man has finished his duties.

Scene 5

Backstreet Bar Fuck

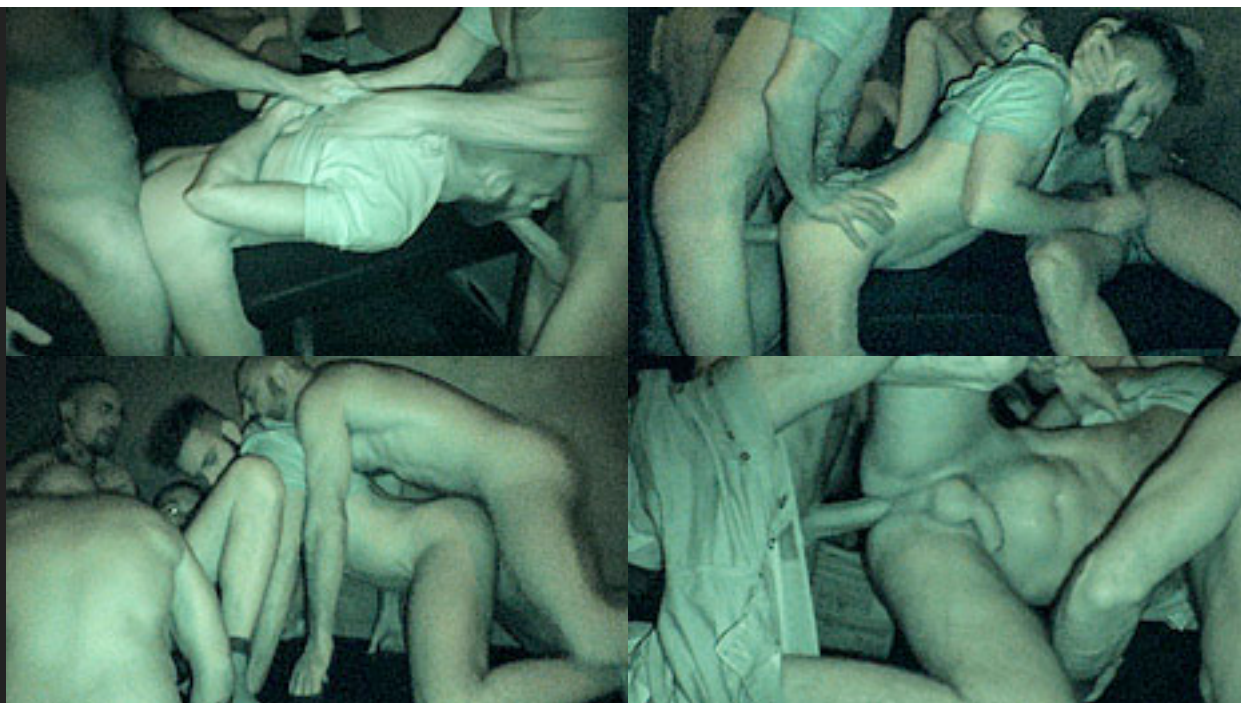

London is rife with subterranean dick-dens: maybe a bar with the windows blacked out, or some dark stairs running down into a secret club, rich with the male stench of sweat and poppers - - an irresistible combination for any animal that has balls for a brain.

Our man **WOLF RAYET** goes hunting in total darkness again. This time he meets up with **VLAD**.

VLAD is a full-fledged demonic fucker and comes equipped to impale any willing man. We shot completely in night-vision so as to capture the real action in darkness.

Bonus (DVD Only)

Introducing **BRUCE** thinks he has no gag reflex. But once VLAD's massive cock is lodged deep in his throat, pounding his face-hole mercilessly, BRUCE finally realizes he's met his match.
