Each year around Labor Day, men from around the world head to New Orleans (aka the Big-Easy) to enjoy a week of wild sex parties and in-the-streets hijinks. From riding raw dick to spreading sweaty asscheeks, you name it, it all goes down, and we were there recently with our men and our cameras to liven' up the scene -- TIM-style! - Damon Dogg & Dice

Scene 1 - Give and Take

To kick things off in the Big Easy, we put hole-loving big-dicked MASON LEAR and uber-bottom SETH SANTORO together to see what kind of downsouth magic would happen. You can tell MASON is a man who especially loves to plunder a thickly muscled ass. SETH is glad to oblige, taking MASON's cock like he was born to ride dick. The New Orleans heat even had our topman willingly flipping onto all fours, serving up his tight hole for SETH's load -- a rare thing for Mr. MASON!

## Scene 2 - Timarrie and Jett

Fellow Portlander TIMARRIE BAKER found out we were in the Big Easy and let us know he was hosting willing holes in his downtown hotel room. Perfect! We already had JETT RINK worked up and craving dick big-time. No sooner was he in the door, than JETT was on his knees swallowing TIMARRIE's huge cock and taking it up the ass in the window (hope you enjoyed the show, neighbors!). JETT took TIMARRIE's load, then spewed his own jizz all over the room, splattering DAMON (who was on the floor filming), the camera, the bed, and the carpet. Not nearly satiated, JETT dropped down and tongue-vacuumed his own jizz from the well worn rug. Good boy -- not a drop wasted!

## Scene 3 - Brian Bonds and Winston Solo

Out of the blue we get a call from WINSTON SOLO who saw on Twitter that we are in New Orleans. He's on a week-long mission to lay waste to as many bottoms as he can find. Can we help? "You bet your ass, man! We'll be right over with BRIAN BONDS in tow." These dudes fuck like they have something to prove, with BRIAN begging, "Come on, make me hurt, dude!" and WINSTON responding by mercilessly pounding BRIAN into the mattress until his more-than-satisfied hole is pouting and weeping man sauce.

## Scene 4 - Owen Powers Gangbang

How many men does it take until you have a gangbang? Five guys? 10 guys? If you're OWEN POWERS you won't even get into bed unless there are at least 12 men lined up to fuck your BIG - EASY - HOLE. In what becomes Owen's biggest group fuck ever, we serve up 14 dudes who are more than ready to tame POWERS' insatiable dick chute. If he could have felched his own ass, he would have, but he seemed happy to settle for sucking clean every spent cock in the room. This is an epic over-the-top balls-to-the-wall instant classic gangbang that no one does better than Treasure Island. You don't want to miss it.

## Scene 5 - Carlos Alexander

CARLOS ALEXANDER is a beefy muscle stud who splits his time living between New York and New Orleans. We caught up with him on his patio smoking a bowl, and followed him inside to have a chat about the week and to capture his hot body working out a creamy load. Among other things, he talks about the differences he sees between sex in "vanilla" NYC, and the nastier side of sex in the "Big Sleazy" -- New Orleans, and about how much fun it was to be one of the last guys to plunge his cock into OWEN POWERS' sloppy wet hole during a 14 man gangbang.

## Scene 6 - Ray Diesel and Braxton Smith

Big Easy native BRAXTON SMITH is a well known top with a little known secret: he'll bottom for you, but only if you have a huge dick. We've got you covered, BRAXTON! If we hadn't been there to film it, we wouldn't believe that RAY DIESEL's mammoth cock would even fit into BRAXTON's backdoor. It takes some doin' but RAY is a patient man. He reluctantly pushes

and pushes, and suddenly his fat head pops past BRAXTON's taught ring. What follows is a masterful hole-opening that has BRAXTON first biting a pillow, and then begging for more, more, more!

#### Scene 7 - Tag Teamed

RYAN POWERS called us while we were in New Orleans and we could tell this was no mere social call. He was horned up and ready to be fucked! We thought we'd see how far he'd go... How about two guys? How about being blindfolded? "Sure. Never done that. Bring it on!" he said. A few hours later, we had him blindfolded, head down, and ass up in a hotel room. MAX FERRO and PETE SUMMERS took their turns alternating between RYAN's holes, until they both decided it was time to double plunge RYAN's juicy ass. You know the ol' saying, "One hit and anything will fit"? Brother, aint it the truth! A good whiff in each nostril and those mighty cocks made themselves at home in RYAN's guts, stretching, plowing, and literally filling him past the brim.

#### Scene 8 - Bonus

Tweaked During our solo interview with CARLOS ALEXANDER he revealed that he loves fucking super masculine guys who are also really submissive in bed. Who better than AARIN ASKER to give CARLOS just what he wants! Before their clothes even come off, the energy is immediately hot as fuck! This is an intense romp that you won't want to miss, between two sweaty muscle studs who live to fuck! We can't wait to get back down to the Big Easy and wipe our horny sweaty men all over Bourbon Street and beyond. Hope to see ya' there! - Damon Dogg & Dice
